

You Are My Everything

Brent Helming

What can I say
To tell You just how much that Your love means
To me to me
What can I do
To contain the joy that I have found in You
I have found in You

I will shout it from the mountaintops
That You alone are King
And I won't give up
'Til the whole world knows
How much You mean to me

You You are my everything
Like the air I breathe
You are the life in me
You You are my everything
Forever I will be in love with You

What have I done
To deserve the grace
That You have given me
You've given me
I simply bow and worship You
With all that is in me
All that is in me

I will shout it from the mountaintops
That You alone are King
And I won't give up
'Til the whole world knows
How much You mean to me

You You are my everything
Like the air I breathe
You are the life in me
You You are my everything
Forever I will be in love with You
